Forts Failed to Respoud to Their Steady Fire.

TURNED ATTENTION TO TROOPS.

Capital of the Philippines Is Now Under Martial Law, Perfect Order Prevails, and American Sol-

> dlers Are Guarding Residences.

Hongkong, Aug. 18.—The American collier Zafiro, from Manilla, which arrived here Tuesday, is anchored in Junk bay. She ieft Maniila on tho 14th. A typheon is raging and it is Impossible to iand the mails with further details of the battle at Manilia.

It is learned, however, from an American naval officer, that when Admiral Dewey, on Aug. 6, demanded the surrender of Manilla within 48 hours, the Spanish commander replied mat the lneurgents being outside the wails he had no safe place for the women and children who were in the city, and asked for 24 hours' delay. This Admiral Dewey granted.

At the expiration of the specified time Admiral Dewey and General Merritt consulted and decided to postpone the attack.

On Aug. 13 the American squadron formed ln line off Maniila. The Olympla fired the first shot at the Malate fort. The shots of the Americans feli short and some time was occupied in finding the range.

SENT IN A HOT Then the Callao, one of the gunhoats captured hy Admiral Dewey from the

Spaniards, got under the fort and sent In a hot fire. Great destruction was done with the rapid-fire guns. The fort failed to reply, but fired on the American troops that were storm-

lng the Spanish trenches. The large American ships were ordered to cease firing after an hour's work owing to the failure of the fort to respond. The fighting in the trenches was

most flerce. Fifteen minutes after the Spanlards were driven to the second line of defenses they were forced to retreat to the walled city, where, seelng the uselessness of resistance, they surrendered, and soon afterward a white flag was hoisted over Manllia.

The Belgian consul at Manllla, M. Andre, hoarded the Olympia and returned with an American lieutenant to the Spanish military governor, who agreed to surrender.

General Merritt proceeded to the palace at 3:30 p. m. and there found the Spaniards formed in line. The * treps surrendered their arms, but the officers were permitted to retain their

Dewey's Official Report.

Manilla, .. Aug. 13, via Hongkong. Avg. 18.-Manilla surrendered today to the American land and naval forces, after a combined attack. A division of the squadron shelled the forts and

intrenchments at Malate, on the south side of the city, driving back the enemy, our army advancing from that side at the same time. The city surrendered about 5 p. m., the American flag being hoisted by Lleutenant Brumbey. Ahout 7,000 prisoners were taken. The squadron had no casualtles, and none of the vesseis were injured. On Aug. 7 General Merritt and I formally demanded the surrender of the city, which the Spanish governor general refused.

The Spaniards Demoralized.

San Francisco, Aug. 18. - Advices from Manilla, dated July 22 and received Wednesday hy the transport steamer Australia, say the news of the disaster to Admiral Cervera's squadron and the turning back of Camara's fleet completely demoralized the garrison of Manilla.

RATHER HUMOROUS.

Spanish Officers Post Builetins of Dewey's Destruction at Manilla.

Santiago de Cuba, Aug. 18.-Major Miley has returned from Baracoa and Sagua de Tanamo. At the two places there were 1.756 officers and men surrendered, 2,321 stands of arms and 413,000 rounds of ammunition and ...ve Krupp guns, ranging in cailber from five inches down to two inches.

Troops were very short of food, but 15 days' rations were given them by Major Miley and a large amount of Red Cross supplies landed at the same time at hoth piaces.

These troops knew nothing whatever of the destruction of Cervera's fleet. the fali of Santiago or any later events. They accepted the situation. however, and appeared to be glad of the opportunity of getting home.

Major Miley states that on the door of the commanding officer was posted a bulletin purporting to be a telegram from the naval commander at Manliia Informing Sagasta of his great victory over Dewey at Manilla and Sagasta's thanks to him for the same.

Country in the vicinity of these towns in the same condition as that here—utterly destroyed and grown up. Inhabitants said that in 18 months they would he able to harvest their crop of bananas, which is the principal product of Baracoa.

A regiment of insurgents were found In the vicinity of each place, camped within a few hundred yards of Spanlsh troops, calmly observing each SHAFTER.

Cable Closed.

Washington, Aug. 18.-It was learned at the war department that the reopening of the cable to Manilla has some complications. The cable was laid hy a British company by permission of the Spanish government, which granted the company a subsidy. When Admiral Dewey cut the cahie because the Spanish authorities would not allow him the use of it, it was sealed up at Hongkong hy order of the Spanish government, and it is claimed that an order from the Spanish government will he necessary before the company will be authorized to reopen it.

Colonel Torrey Recovers.

Jacksonville, Fia., Aug. 18.—Colonel Jay L. THE TWO AMERICANS

Will Have Joint Control of Manilla at Present.

LAW AND ORDER TO REIGN.

All Law-Abiding Citizens Will Be Treated Alike.

INSURGENTS TO GET NO FAVORS.

That Is, They Will Be Treated Just as Any Other Persons Will Be Under the Circumstances, and Will Not Be the Rulers.

Washington, Aug. 18. - The two American commanders at Manllia, Admirai Dewey and Major General Merritt, united in a joint dispatch which was received here late Wednesday afternoon asking for instructions as to the manner of dealing with the various elements, particularly the insurgents, now that the city was occupied

by the American forces. After a conference at the White House, in which Secretary Aiger and Acting Secretary Ailen participated, instructions were sent to the two American commanders. The text of the request for instructions, and of the answer, was not made public, but Secretary Alger summed up the instructions as substantially as follows: "The instructions are to enforce law and order, and to treat all law-abiding

cltlzens alike." The instructions are practically the same as those sent to General Lawton. The latter order specifically stated that the insurgents must recognize the milltary occupation and authority of the United States, and the cessation of hostilltles proclaimed by this government. Doubtles the same rule is being applied to the insurgents under Agulnaldo, although it was not officially stated that such specific orders were

AGUINALDO NOT MENTIONED. It is said the joint dispatch from Dewey and Merritt did not in terms refer to Auginaldo, nor did the instructions mention the insurgent leader by name. It is weil understood, however, that the desire of the American commanders was to have Instructions on the manner of dealing with the large and menacing forces of insurgents under Aguinaldo, who have surrounded Manilla for many weeks. and who it is thought may or may not have demanded the right to occupy the city with the American forces, as the Cuhan insurgents did at Santlago.

It had been thought in some quarters here that the showing heretofore made hy the insurgents would lead to their receiving a certain amount of recognition, in the way of joint action between the United States forces and those of the insurgents, when the city was occupied.

But the instructions sent are based on occupation by the United States alone, and, as a high administration official summed up the situation, "There shall be no joint action except between Merritt and Dewey. They wili malntain law and order and wili treat insurgents and Spanlards allke, requirlng ail to observe peace and or-

Aside from this joint dispatch the only other word received from Manilla during the day was in the hrief dispatch from Admirai Dewey announcing the surrender of the clty last Saturday. A detailed dispatch from General Merritt was eagerly awaited throughout the day, as it was feared that the sharp engagement of the land forces during the storming of Manilla had resulted in some casualties on our

No dispatch came from General Merritt up to the close of office hours except the one in which he joins with Admiral Dewey in asking for instructions. Secretary Aiger concluded from this that the casuaities could not have been heavy, as he felt sure General Merritt would promptly report any considerable loss.

It was noted that neither the first dispatch of Admiral Dewey nor the joint dispatch of Dewey and Merritt made any reference whatever to the part which the German cruiser Kaiserin Augusta took in removing Captain General Augusti from Manilla to

From this officials believe that the American commanders do not attach serious significance to the course of the German naval authorities. The incident continues to cause some irritation, but it is certain that no official cognizance will be taken of it,

A high official of the navy department said that at most the course of the German naval commander was one of bad taste.

REMARKABLE

is the Record of the C. and O. in Operating Results-Significant Figures.

The record of the Chesapeake and Ohio in operating results is becoming each year more remarkable, says an exchange. Many times attention has been directed in the past to the exceedingly low average rate realized by the company on its freight traffic. It has seemed almost incredible that a still lower figure could be reached. Yet now the report 1897-8 shows that there was a further decline of over 11 per cent. in this one year, bringing the average down from 4.19 mills to only 3.70 mills. In other words, in the twelve months ending June 30, 1898, the company received an average only of 37-100ths of a cent. per ton per mile on the entire freight tonnage, high class and low class.

It follows, therefore, that it was necessary to move almost three tons of freight one mile in order to earn a single cent in gross movements. It is obvious that when a company of the importance and size of the Chesapeake and Ohio can earn lts fixed charges on rates which necessitate the moving of three and four tons of freight a mile for the gross compensation of one cent, the science of railroading has been brought to a high state of perfection.

Hundreds of handkerchiefs have been gathered for this annual occasion from Ireland, from Switzerland, from France, and whether the price is at 5c. or \$1.50, the handkerchief will be exactly as represented; linen, cotton or silk. We sell more than 10,000 handkerchiefs a year, but too much selling is crowded into Christmas week. So this summer sale was organized to offer handkerchiefs when we could sell them cheapest-at least cost for storekeeping. Hence these among the economies of the day: Women's scalloped and embroidered Swiss handkerchiefs 81c. At this price for Friday only. You've paid 121c. for them and called them bargains, which they were-for they'd give little odds to the average 25c. handkerchief. Pure linen handkerchiefs, with hand embroidered, small initial and narrow hemstitched hem; sizes for men and women, 19c. You can not buy like handkerchief anywhere for less than 25c. Fancy bordered handkerchiefs for boys and girls: beautiful quality of sheer linen, 10c.—their regular price 35c. Why such a cut! Wise mothers don't pay 35c. for children's handkerchiefs, and the prediction last season of colored borders for womens' kerchiefs failed-hence 35c. values for 10c. Pink and blue bordered handkerchiefs of satine cambric and a few all white 4 cents. Children's handkerchiefs with American and Cuban flag embroidered in wash silks in corner 5c.-others ask 10 cents.

Wheat Bailly Damaged by the Recent Rains. Weekly Report of the Weather Bureau.

The heavy rains of the first of the week have greatly increased the already serious damage to unthreshed grain, interrupted plowing for wheat, and also injured crops on bottom lands to a considerable extent. Otherwise, the agricultural outlook in this State is extremely promising.

The corn crop is exceptionally fine, and tobacco shows decided improvement; there are very few worms, less complaint of frenching, and many early planted fields have been cut and safely housed in the central section.

Pastures are affording abundant nourishment for live stock, and all minor crops and gardens are doing very well.

"THE COLSON RIFLES."

The Members of the Gallant Fourth Regiment Fear an Early Discharge.

[Lexington Leader.]

It is now pretty certain that nothing will be known as to the movement of the Fourth regiment for the next few days, or until it is decided by the War Department what disposition is to be made of the volunteer army.

A telegram was received by Lieut. Col. | side. Murray this morning from Col. Colson stating that the plans for the reduction down town this morning after an illness of the volunteer army were in a state of o several weeks. formation.

Washington newspaper dispatches indicate that those troops of the second call which have not been removed from their respective States will be the first to be mustered out. These circumstances taken together have produced a feeling of uneasiness in the minds of the men and officers of "The Colson Rifles" that they town, will be mustered out.

On the other hand, however, there are some strong reasons why it should not conduct at Parks Hill camp meeting last be, and it is believed that the War De- Sunday was "beautiful." That settles it. partment's sense of justice will take a correct view of the situation and hold the fighting Parks Hill. regiment in the service.

Should the regiment be mustered out now, it would indeed be a great injustice O. depot, and Mr. Charles E. McCarthy to the officers, many of whom gave up succeeds Mr. Hanley as foreman at the good positions to fight for their country C. and O. freight house. at a time when their services were badly needed. They have expended sums of money from \$200 to \$700 in buying their uniforms and outfits and paying for the transportation of their men here. Now, should they be mustered out, they would have only a month's salary coming, which would not near repay them for the amount they have actually expended.

After the presentation of the flags Tuesday the regiment marched down through town. There were 1,300 men in line and they made a magnificent showing, the general opinion of the people being that it was one of the best drilled regiments ever seen on the streets of Lexington. NOW SHE'S A RAVING MANIAC

Remarkable Case Which Is Attracting Considerable Attention In a Prominent Town of the Hoosier State.

South Bend, Ind., Aug. 18.-Mrs. Josie Hamilton, until recently one of the most popular young ladies of Darlington, Montgomery county, is a raving maniac as a result of the refusal of the members of her church to forgive her acknowledged sin.

A few days ago Miss Hamilton's name was connected unenviably with that of a prominent male member of the church to which she belonged. Under threats of violence he fled from the city, and the girl was prevailed upon to confess her sin in church.

During services Sunday morning she confessed her transgression before the congregation and begged forgiveness. Upon concluding her appeal she sank half swooning into her seat, but the congregation filed out coldly, net extending the hand of fellowship to her.

Realization of the fact that her appeal was in vain prostrated the unfortunate young woman, and she was taken home raving. Physicians say she will probably never regain her mental facuities.

Shot While Promenading.

Chester, Ind., Aug 18.-While Miss Oilie Fox, a popular young woman, and Will Osborne were enjoying a stroll in the early evening, Miss Fox was shot through the body by some unknown person and is lying in a critical condition. Whether the bullet was the result of an accident or an attempt at assassination is not known.
